English

i want to play this game but i cant.

it always force stop to desktop after click start game.. Very nice game if you don't mind grinding in dungeons. Wasn't the case for me.. How come I cannot login to the server? shows nothing in the screen

. Childhood memories of playing this game are coming back!!!! T_T. The game is kinda broken. why got purple blank on my interface and screen? Someone help me solve this please! i want to play this game so hardly!. Nice Game and So Light !
