NOTE: THIS IS NOT A DIRECT ADD-ON TO THE GAME, IT'S ONLY THE SOUNDTRACK.

It's pretty damn good though, just kinda disappointed it's not selectable in-game. That being said the album is alot more chill and relaxing than the main game. It's a great album to cool down. It's got some intense moments but most of the album is a lot more chill. A few of the songs sound like chiptunes and FM synthesis and I'm sucker for both. All in all, it's a great album to listen to, you just can't select in-game unfortunately.. its a bullet hell but everything sort of happens to the beat of EDM that's really it.. What the hell did I just buy?. This is quite simply one of the most innovative and the most entertaining games I've played in a while. With beautiful visuals, a smooth and pleasing soundtrack, combind with a unique gameplay that requires both strategy and skill. This game provides a experience that will leave you in absolute awe. I know I did, I have actually spent several idel minutes exploring and admiring the map's beauty. It also has several secrets lying around on each map that creates an environment of mystery or simply just silliness. If that dosen't convince you to get this amazing game. It also offers ingame Text-To-Voice that is quite simply, ♥♥♥♥ing hilarious.

Get this game. It's well worth more then what it's being sold for.. A Very Smooth LocoMotive Good Breaks Comes In Handy On Horse Shoe Cuve Nice Bell Good Sounding Horn An Good Head Lights An A Very Cool Looking LocoMotive For The PRR. fun aswell as anything when your board

This really is an amazing little piece of free download just get it and spend some time with it exploring different ways to make the attractors interact with each other and millions (how many really?) of little "sugar" particles. A nice add-on to unlock new units. Changes the battlefield.. Fun game. The different options and choices that occur throughout the game keep things interesting. It is fun figuring out what is required to bring about the end time in the game. Definitely recommend checking it out.. I expected a laid back fun little game...

what did I get?

a frustrating game where it does not explain anything to you.

The building is bad

The controls are bad

The instructions/tutorial is almost non-existent

I couldn't play even 10 min of this game without hating it.

im sorry. BAAAAAAAAAAAAAD GAME!!!!
